

Escuela Americana - 'We Are Trojans'
~2:30 VO Script (Inspirational Tone)
By Ami Brown

We rise each morning, stand up strong to face each new day. Our rigorous efforts are rewarded with the promise of opportunities, challenges and obstacles.

We practice relentlessly, we stretch our sore muscles, we are brave and do not surrender. Our greatest glory is rising every time we fall.

No one hands us the future... it is up to each of us to grab it and not let go. We must fight for what we want with determination and strength.

We know that that through focus, discipline and commitment we WILL be successful.

We work as a team, as one powerful force, stampeding our way to victory.

We must balance our minds and our bodies. Nourish our souls.

We encourage others to achieve, working as a community to better the lives of those around us.

We are trustworthy, caring, we are passionate and we persevere through hardship.

Unlimited wisdom surrounds us, we watch, we learn and we do. We are the best version of ourselves today... and every day.

There are no limits to what we can accomplish. The only limitation is the one we create. We are relentless in our pursuits.

Inside each of us is a driving force that pushes us to be better, stronger and outlast the competition. We sacrifice and conquer every obstacle with bravery.

We are powerful, We are fearless and through hard work, determination.... we will exceed our expectations, day after day after day.

We are STUDENTS, WE ARE TEACHERS, WE ARE LEADERS.

WE ARE WINNERS.... WE ARE TROJANS!
